Jason is the Deputy Director of the BOR in Sacto. He has been tasked with joining the "Strike Team" that is being created to facilitate the Section 7 consultation on the BDCP. That is the one where USBR, which cannot be covered under the Section 10 permit, would get the same deal for the BDCP under the Section 7 process.

Too bad they don't have a FWS person, but there you have it. Jason is a straightshooter, though.

All - Jason Philips has asked to join the 1:00 call. I am fine with this, as he will undoubtedly play a role in facilitating comments, but wanted to check with you. Please let me know if any concerns.
